SPECIAL ATTENTION

This is a CONDOMINIUM PROJECT, not a subdivision. The land area beneath and immediately appurtenant to each unit is designated a **LIMITED COMMON ELEMENT** and does not represent a legally subdivided lot. The dashed (or dotted) lines on the Condominium Map bounding the designated number of square feet (or acres) in each limited common element land area are for illustration purposes only and should not be construed to be formal subdivision lines.

This Public Report does not constitute an approval of the Project by the Real Estate Commission or any other government agency, nor does it ensure that all County codes, ordinances and subdivision have necessarily been complied with.

1. There are County restrictions on the number of residential dwelling units, or other structures, which may be built on the property. Therefore, unless the Purchaser is buying an existing residential dwelling, THERE IS NO ASSURANCE THAT THE PURCHASER WILL BE ABLE TO BUILD A RESIDENTIAL DWELLING UNIT ON THE PROPERTY. THERE IS ALSO NO ASSURANCE THAT THE PURCHASER WILL BE ABLE TO CONVERT AN EXISTING NON-RESIDENTIAL STRUCTURE TO A RESIDENTIAL USE. The Purchaser should consult with the appropriate County agencies to determine whether the Purchaser may build a residential dwelling unit, or any other type of structure, on the property.

Unit 3 is a greenhouse structure, which may be defined as an "apartment unit" under the Condominium Property Act.

2. Facilities and improvements normally associated with County-approved subdivisions, such as fire protection devices, County street lighting, electricity, upgraded water facilities, improved access for owners and emergency traffic, drainage facilities, etc., may not be provided, and services such as County street maintenance and trash collection may not be available for interior roads and driveways.

THE PROSPECTIVE PURCHASER IS CAUTIONED TO CAREFULLY REVIEW THE CONDOMINIUM DOCUMENTS REFERENCED IN THIS PUBLIC REPORT FOR FURTHER INFORMATION WITH REGARD TO THE FOREGOING.

General Information On Condominiums

A condominium is a special form of real property. To create a condominium in Hawaii, the requirements of the Condominium Property Act, Chapter 514A, Hawaii Revised Statutes, must be complied with. In addition, certain requirements and approvals of the County in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land or the building(s) and other improvements are leased to the buyer. The lease for the land usually requires that at the end of the lease term, the lessees (apartment owners/tenants) deliver their interest in the land to the lessor (fee property owner). The lease also usually requires that the lessees either (1) convey to the lessor the building(s) and other improvements, including any improvements paid for by the lessees; or (2) remove or dispose of the improvements at the lessee's expense. Leases for individual apartments often require that at the end of the lease term, the lessee deliver to the lessor the apartment, including any improvements placed in the apartment by the lessee.

If you are a typical condominium apartment owner, you will have two kinds of ownership: (1) ownership in your individual apartment; and (2) an undivided interest in the common elements.

"Common elements" are the areas of the condominium project other than the individual apartments. They are owned jointly by all apartment owners and include the land, either in fee simple or leasehold, and those parts of the building or buildings intended for common use such as foundations, columns, roofs, halls, elevators, and the like. Your undivided interest in the common elements cannot be separated from ownership of your apartment.

In some condominium projects, some common elements are reserved for the exclusive use of the owners of certain apartments. These common elements are called "limited common elements" and may include parking stalls, patios, lanais, trash chutes, and the like.

You will be entitled to exclusive ownership and possession of your apartment. Condominium apartments may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift, or operation of law.

Your apartment will, however, be part of the group of apartments that comprise the condominium project. Study the project's Declaration, Bylaws, and House Rules. These documents contain important information on the use and occupancy of apartments and the common elements as well as the rules of conduct for owners, tenants, and guests.

Operation of the Condominium Project

The Association of Apartment Owners is the entity through which apartment owners may take action with regard to the administration, management, and operation of the condominium project. Each apartment owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as an apartment owner. The Board of Directors and officers can take certain actions without the vote of the owners. For example, the board may hire and fire employees, increase or decrease maintenance fees, borrow money for repair and improvements and set a budget. Some of these actions may significantly impact the apartment owners.

Until there is a sufficient number of purchasers of apartments to elect a majority of the Board of Directors, it is likely that the developer will effectively control the affairs of the Association. It is frequently necessary for the developer to do so during the early stages of development and the developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective buyers should understand that it is important to all apartment owners that the transition of control from the developer to the apartment owners be accomplished in an orderly manner and in a spirit of cooperation.

II. CREATION OF THE CONDOMINIUM; CONDOMINIUM DOCUMENTS

A condominium is created by recording in the Bureau of Conveyances and/or filing with the Land Court a Declaration of Condominium Property Regime, a Condominium Map (File Plan), and the Bylaws of the Association of Apartment Owners. The Condominium Property Act (Chapter 514A, HRS), the Declaration, Bylaws, and House Rules control the rights and obligations of the apartment owners with respect to the project and the common elements, to each other, and to their respective apartments. The provisions of these documents are intended to be, and in most cases are, enforceable in a court of law.

- A. Declaration of Condominium Property Regime contains a description of the land, buildings, apartments, common elements, limited common elements, common interests, and other information relating to the condominium project.

The Declaration for this condominium is:

☐ Proposed
☒ Recorded - Bureau of Conveyances: Document No. 99-076979
Book _____ Page _____
☐ Filed - Land Court: Document No. _____

The Declaration referred to above has been amended by the following instruments [state name of document, date and recording/filing information]:

- B. Condominium Map (File Plan) shows the floor plan, elevation and layout of the condominium project. It also shows the floor plan, location, apartment number, and dimensions of each apartment.

The Condominium Map for this condominium project is:

☐ Proposed
☒ Recorded - Bureau of Conveyances Condo Map No. 2903
☐ Filed - Land Court Condo Map No. _____

The Condominium Map has been amended by the following instruments [state name of document, date and recording/filing information]:

- C. Bylaws of the Association of Apartment Owners govern the operation of the condominium project. They provide for the manner in which the Board of Directors of the Association of Apartment Owners is elected, the powers and duties of the Board, the manner in which meetings will be conducted, whether pets are prohibited or allowed and other matters which affect how the condominium project will be governed.

The Bylaws for this condominium are:

☐ Proposed
☒ Recorded - Bureau of Conveyances: Document No. 99-076980
Book _____ Page _____
☐ Filed - Land Court: Document No. _____

The Bylaws referred to above have been amended by the following instruments [state name of document, date and recording/filing information]:

- D. **House Rules.** The Board of Directors may adopt House Rules to govern the use and operation of the common elements and limited common elements. House Rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais and requirements for keeping pets. These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial House Rules are usually adopted by the developer.

The House Rules for this condominium are:

☐ Proposed ☐ Adopted ☒ Developer does not plan to adopt House Rules

E. **Changes to Condominium Documents**

Changes to the Declaration, Condominium Map, and Bylaws are effective only if they are duly adopted and recorded and/or filed. Changes to House Rules do not need to be recorded or filed to be effective.

1. **Apartment Owners:** Minimum percentage of common interest which must vote for or give written consent to changes:

	<u>Minimum Set by Law</u>	<u>This Condominium</u>
Declaration (and Condo Map)	75%*	<u>75%</u>

- ☐ Leasehold or Sub-leasehold: Individual apartments and the common elements, which include the underlying land will be leasehold.

Leases for the individual apartments and the underlying land usually require that at the end of the lease term, the lessee (apartment owner/tenant) deliver to the lessor (fee property owner) possession of the leased premises and all improvements, including improvements paid for by the lessee.

Exhibit _____ contains further explanations regarding the manner in which the renegotiated lease rents will be calculated and a description of the surrender clause provision(s).

IMPORTANT INFORMATION ON LEASEHOLD CONDOMINIUM PROJECTS

The information contained in this report is a summary of the terms of the lease. For more detailed information, you should secure a copy of the lease documents and read them thoroughly.

If you have any legal questions about leasehold property, the lease documents or the terms of the lease and the consequences of becoming a lessee, you should seek the advice of an attorney.

There are currently no statutory provisions for the mandatory conversion of leasehold condominiums and there are no assurances that such measures will be enacted in the future.

In leasehold condominium projects, the buyer of an apartment will acquire the right to occupy and use the apartment for the time stated in the lease agreement. The buyer will not acquire outright or absolute fee simple ownership of the land. The land is owned by the lessor or the leased fee owner. The apartment owner or lessee must make lease rent payments and comply with the terms of the lease or be subject to the lessor's enforcement actions. The lease rent payments are usually fixed at specific amounts for fixed periods of time, and are then subject to renegotiation. Renegotiation may be based on a formula, by arbitration set in the lease agreement, by law or by agreement between the lessor and lessee. The renegotiated lease rents may increase significantly. At the end of the lease, the apartment owners may have to surrender the apartments, the improvements and the land back to the lessor without any compensation (surrender clause).

When leasehold property is sold, title is normally conveyed by means of an assignment of lease, the purpose of which is similar to that of a deed. The legal and practical effect is different because the assignment conveys only the rights and obligations created by the lease, not the property itself.

The developer of this condominium project may have entered into a master ground lease with the fee simple owner of the land in order to develop the project. The developer may have then entered into a sublease or a new lease of the land with the lessee (apartment owner). The developer may lease the improvements to the apartment owner by way of an apartment lease or sublease, or sell the improvements to the apartment owners by way of a condominium conveyance or apartment deed.

	<u>Conforming</u>	<u>Non-Conforming</u>	<u>Illegal</u>
Uses	<u> x </u>	<u> </u>	<u> </u>
Structures	<u> x * </u>	<u> </u>	<u> </u>
Lot	<u> </u>	<u> x </u>	<u> </u>

If a variance has been granted or if uses, improvements or lot are either non-conforming or illegal, buyer should consult with county zoning authorities as to possible limitations which may apply.

Limitations may include restrictions on extending, enlarging, or continuing the non-conformity, and restrictions on altering and repairing structures. In some cases, a non-conforming structure that is destroyed or damaged cannot be reconstructed.

The buyer may not be able to obtain financing or insurance if the condominium project has a non-conforming or illegal use, structure, or lot.

D. Common Elements, Limited Common Elements, Common Interest:

1. Common Elements: Common Elements are those parts of the condominium project other than the individual apartments. Although the common elements are owned jointly by all apartment owners, those portions of the common elements which are designated as limited common elements (see paragraph 2 below) may be used only by those apartments to which they are assigned. The common elements for this project, as described in the Declaration, are:

☒ described in Exhibit B .

☐ as follows:

- * The dwelling and garage structures located on Unit 1 both encroach within the front yard set-back area, and are considered legal non-conforming structures by the County of Hawaii.

2. Limited Common Elements: Limited Common Elements are those common elements which are reserved for the exclusive use of the owners of certain apartments.

☐ There are no limited common elements in this project.

☒ The limited common elements and the apartments which use them, as described in the Declaration, are:

☒ described in Exhibit C.

☐ as follows:

3. Common Interest: Each apartment will have an undivided fractional interest in all of the common elements. This interest is called the "common interest." It is used to determine each apartment's share of the maintenance fees and other common profits and expenses of the condominium project. It may also be used for other purposes, including voting on matters requiring action by apartment owners. The common interests for the apartments in this project, as described in the Declaration, are:

☒ described in Exhibit B.

☐ as follows:

- E. Encumbrances Against Title: An encumbrance is a claim against or a liability on the property or a document affecting the title or use of the property. Encumbrances may have an adverse effect on the property or your purchase and ownership of an apartment in the project.

Exhibit F describes the encumbrances against the title contained in the title report dated 4/27/99
and issued by Title Guaranty of Hawaii, Inc.

Blanket Liens:

A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project that secures some type of monetary debt (such as a loan) or other obligation. A blanket lien is usually released on an apartment-by-apartment basis upon payment of specified sums so that individual apartments can be conveyed to buyers free and clear of the lien.

- [] There are no blanket liens affecting title to the individual apartments.
- [x] There are blanket liens which may affect title to the individual apartments.

Blanket liens (except for improvement district or utility assessments) must be released before the developer conveys the apartment to a buyer. The buyer's interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the apartment to buyer.

<u>Type of Lien</u>	<u>Effect on Buyer's Interest and Deposit if Developer Defaults or Lien is Foreclosed Prior to Conveyance</u>
Mortgage	The Buyer's contract may be cancelled and the Buyer may lose all rights to acquire the unit. Buyer's deposit, less escrow cancellation fee, will be returned if default and foreclosure occur before conveyance. However, should the Buyer's deposit be disbursed by Escrow and the lien be foreclosed prior to conveyance to Buyer, Buyer may not be able to recover any deposits.

F. Construction Warranties:

Warranties for individual apartments and the common elements, including the beginning and ending dates for each warranty, are as follows:

1. Building and Other Improvements: NONE

2. Appliances: NONE

G. Status of Construction and Date of Completion or Estimated Date of Completion:

The structures on Unit 1 and Unit 2 were built prior to 1950.

The construction of the greenhouse on Unit 3 was completed in April, 1999.

H. Project Phases:

The developer [] has [x] has not reserved the right to add to, merge, or phase this condominium.

Summary of Developer's plans or right to perform for future development (such as additions, mergers or phasing):

IV. CONDOMINIUM MANAGEMENT

- A. **Management of the Common Elements:** The Association of Apartment Owners is responsible for the management of the common elements and the overall operation of the condominium project. The Association may be permitted, and in some cases may be required, to employ or retain a condominium managing agent to assist the Association in managing the condominium project.

Initial Condominium Managing Agent: When the developer or the developer's affiliate is the initial condominium managing agent, the management contract must have a term of one year or less and the parties must be able to terminate the contract on notice of 60 days or less.

The initial condominium managing agent for this project, named on page five (5) of this report, is:

☐ not affiliated with the Developer ☐ the Developer or the Developer's affiliate.
☒ self-managed by the Association of Apartment Owners ☐ Other: _____

B. **Estimate of Initial Maintenance Fees:**

The Association will make assessments against your apartment to provide funds for the operation and maintenance of the condominium project. If you are delinquent in paying the assessments, a lien may be placed on your apartment and the apartment may be sold through a foreclosure proceeding.

Initial maintenance fees are difficult to estimate and tend to increase as the condominium ages. Maintenance fees may vary depending on the services provided.

Exhibit G * contains a schedule of estimated initial maintenance fees and maintenance fee disbursements (subject to change). * Developers disclose that no reserve study was done in accordance with Section 514A-83.6, HRS, and replacement reserve rules, Subchapter 6, Title 16, Chapter 107, Hawaii Administrative Rules, as amended.

C. **Utility Charges for Apartments:**

☐ Gas (_____ Common Elements only _____ Common Elements & Apartments)
☐ Water ☐ Sewer ☐ Television Cable

SUMMARY OF PERTINENT PROVISIONS OF THE SALES CONTRACT

No sales of the condominium units are immediately contemplated. However, the Developer plans to use the Hawaii Association of Realtors' standard form of Deposit, Receipt, Offer and Acceptance (DROA) as the intended sales contract for the Project when and if sales later commence.

The sales contract contains the purchase price, description and location of the condominium unit and other terms and conditions under which a Buyer will agree to buy a condominium unit in the Project. Among other things, the sales contract (DROA):

1. Provides a section for financing to be completed and agreed to by the parties which will set forth how Buyer will pay the purchase price.
2. Identifies the escrow agent and states that Buyer's deposit will be held in escrow until the sales contract is closed or cancelled.
3. Requires that Buyer must close the purchase at a certain date and pay closing costs, in addition to the purchase price.
4. Provides the following remedies, in the event of default under the sales contract by Buyer:
 - a. Seller may bring an action against Buyer for breach of contract;
 - b. Seller may retain Buyer's deposit(s);
 - c. Buyer shall be responsible for expenses incurred.

Provides the following remedies, in the event of default under the sales contract by Seller:

- a. Buyer may bring an action against Seller for breach of contract;
- b. Buyer may bring an action compelling Seller to perform under contract;
- c. Seller shall be responsible for expenses incurred.

Any awards to the prevailing party in any action are subordinate to escrow's expenses.

5. Allocation of payment of closing costs.

The sales contract contains various other provisions which Buyer should become acquainted with.

Upon examination, the Developer represents that the proposed Sales Contract (DROA) is found to be in compliance with Chapter 514A, Hawaii Revised Statutes, as amended. It is incumbent upon the purchaser and prospective purchaser that he reads the Sales Contract (DROA) with care.

Exhibit "D"

SUMMARY OF ESCROW ARRANGEMENTS

The Developer does not plan to offer the condominium units for sale immediately. However, an Escrow Agreement dated March 1, 1999, has been submitted by the Developer, identifying Title Guaranty Escrow Services, Inc., as Escrow for the Project. This Agreement shall take effect when the Developer commences sales. The Escrow Agreement establishes how proceeds from the sale of condominium units and all sums received from any source are placed in escrow, as well as the methods of disbursement of said funds.

The Escrow Agreement provides that a Purchaser shall be entitled to a refund of his funds, and Escrow shall pay said funds to Purchaser, without interest and less cancellation fee and costs, if Purchaser shall in writing request refund of his funds and (1) Escrow receives a written request from Developer to return to Purchaser the funds of such Purchaser; or (2) Developer notifies Escrow of Developer's intent to cancel or rescind the sales contract; or (3) Purchaser has exercised his right to cancel or rescind the sales contract pursuant to Section 514A-62 or 514A-63 of the Hawaii Revised Statutes; or (4) meets one of the conditions provided for in Section VI(e) of the Escrow Agreement. Except for a cancellation under Section VI(e) of the Escrow Agreement, Escrow will be entitled to deduct a cancellation fee from Purchaser's funds. Said cancellation fee shall be in the minimum of \$25.00, but in no event shall exceed the agreed-upon escrow fee provided for in said Escrow Agreement, the exact amount to be commensurate with the amount of work completed at the time of cancellation.

The Escrow Agreement also provides that a Purchaser shall be entitled to a refund of his funds (less fees as provided therein), if any one of the following events shall have occurred: (1) no sales contract is offered to a Purchaser who was placed on the Developer's reservation list of owner-occupant applicants; or (2) the Purchaser has been unable to obtain adequate financing, or a commitment for adequate financing, for his unit within thirty (30) days following the end of the ten (10) calendar-day period during which the Developer is limited to selling to owner-occupants; or (3) the Purchaser desires to cancel the contract on account of hardship circumstances such as those set forth in Section 514A-104(1), Hawaii Revised Statutes; or (4) the Purchaser indicates an intent not to become an owner-occupant of such unit.

The Escrow Agreement also provides that no disbursement of a Purchaser's funds shall be made until: (1) a Final Public Report has been issued on the Project, and a copy provided to Purchaser; (2) the requirements of Sections 514A-62 and 514A-63 of the Hawaii Revised Statutes shall have been met; and (3) the Developer shall have given Escrow a written waiver of any option reserved in any sales contract to cancel such sales contract.

SUMMARY OF ESCROW ARRANGEMENTS continued --

Finally, the Escrow Agreement provides that in the event that Purchaser defaults under the terms of the sales contract, all proceeds collected from Purchaser may be treated as liquidated damages and retained by Developer.

Upon examination, the Developer represents that the Escrow Agreement is found to be in compliance with Chapter 514A, Hawaii Revised Statutes, as amended. It is incumbent upon the purchaser and prospective purchaser that he reads with care the Escrow Agreement.

Estimated Maintenance Fee Assessments and Disbursements

MAINTENANCE FEES: The regular maintenance and repair of each condominium unit, including all utility charges, is the sole responsibility of each respective unit owner. There are no common services and/or expenses which will require regular monthly assessments. Developer discloses that no reserve study was done in accordance with Section 514A-83.6, Hawaii Revised Statutes, and replacement reserve rules, Subchapter 6, Title 16, Chapter 107, Hawaii Administrative Rules, as amended.

Note: Under Section IV of the Declaration, the existing 5/8-inch water meter presently serving the property is deemed a limited common element for the exclusive use of Unit 1. According to a letter from the Department of Water Supply of the County of Hawaii dated September 30, 1998, up to six (6) additional water meters are available for the parcel comprising the land portion of the Project. Accordingly, the owners of Unit 2 and Unit 3 shall be responsible for obtaining their own County water meter. A copy of the Department of Water Supply letter is attached as Exhibit "H" to this Public Report.

INDIVIDUAL INSURANCE: Section 514A-86, Hawaii Revised Statutes, requires that fire insurance be purchased to cover the improvements portion of the Project. Developer anticipates that the Association will elect to obtain separate policies for each individual

condominium unit pursuant to Section XIV(c) of the Declaration. As such, the premiums on said policies will be the individual responsibility of each unit owner rather than common expenses of the Project. Purchasers should be aware that premiums for said fire insurance vary widely depending upon the extent of the improvements on the property, the coverage desired, and the insurance company used. Developer's best estimate regarding the cost of said coverage is approximately \$500 to \$3,000 per year per unit. Said estimates were prepared in accordance with generally accepted accounting principals.

Use of Condominium Units

The units comprising the Project may be occupied and/or used only for those purposes permitted by applicable land use laws and zoning ordinances. There is no commercial development in the Project.

Warranties

Purchasers should be aware that the "condominium units" of the Project are comprised of existing structures. Said buildings have unavoidably undergone a certain amount of "wear and tear" commensurate with their age. Accordingly, purchasers should not expect the unit they desire to buy to be in "like-new" condition. NO WARRANTIES FOR FITNESS OF USE OR MERCHANTABILITY OR ANY OTHER KIND ARE MADE AS TO THE INDIVIDUAL CONDOMINIUM UNITS OR THE COMMON ELEMENTS OF THE PROJECT. PURCHASERS ARE ADVISED TO CONDUCT THEIR OWN INSPECTION OF THE UNIT THEY DESIRE TO BUY. THE UNITS ARE SOLD "AS IS".

Structural Components and Mechanical & Electrical Installations

Based on a report prepared by an independent registered architect, it is the Developer's opinion that all structural components and mechanical and electrical installations material to the use and enjoyment of the individual condominium units appear to be sound and in satisfactory working condition. However, NO REPRESENTATIONS OF ANY KIND ARE MADE AS TO THE EXPECTED USEFUL LIFE, IF ANY, OF THE STRUCTURAL COMPONENTS AND MECHANICAL AND ELECTRICAL INSTALLATIONS MATERIAL TO THE USE AND ENJOYMENT OF THE CONDOMINIUM UNIT(S).

Code Violations

To the best of the knowledge, information and belief of the undersigned, there are no outstanding notices of uncured violations of the building code or other municipal regulations of the County of Hawaii.
